PROFESSIONAL EXPERIENCE

Universal Music Group | Los Angeles, CA

Research Analyst | July 2022 – April 2024

- Analyzed large volumes of music data and metadata to identify patterns and trends, directly informing strategic content decisions across the organization
- Served as database administrator for advanced operations team, maintaining and optimizing critical SQL database supporting dashboards and applications used company-wide
- Researched and validated metadata accuracy across extensive music catalog, ensuring data integrity and quality control
- Developed Python-based internal tools for efficient data processing, cataloging, and retrieval in timed environment
- Collaborated cross-functionally to address time-sensitive content concerns and provide feedback for system enhancements

- Monitored data quality issues and filed bug reports to improve content accuracy and database performance

iHeartMedia | Remote

Sound Editor / Mixer | September 2022 – April 2025

- Edited and mixed 100+ podcast episodes, providing comprehensive quality control and quality assurance of audio content
- Managed content tracking and organization across multiple podcast series, ensuring consistent delivery standards
- Enhanced sound quality and content accuracy through meticulous review process, maintaining high degree of precision
- Worked remotely with producers to ensure audio content met specifications and branding requirements across all episodes
- Demonstrated excellent time management skills to meet tight production deadlines in fast-paced environment

TNB Games | Texas

Composer | June 2022 – February 2025

- Composed original music content for video game, incorporating multiple genres and meeting technical specifications
- Collaborated with designers to ensure music metadata and MIDI specifications aligned with project requirements
- Provided feedback and suggestions to enhance overall music content quality and user experience

San Francisco Pocket Opera | San Francisco, CA

Re-recording Mixer | December 2023 – April 2024

- Provided audio post-production supervision for mixed media presentation, ensuring content quality and accuracy
- Organized and tracked audio content throughout production workflow
- Collaborated with supervisors to address content concerns and achieve desired artistic standards
- **Award:** Opera America 2024 Award for Digital Excellence in Opera

Bopsee Books | Los Angeles, CA

Data Analyst | April 2022 – May 2022

- Performed market analysis and data cataloging for digital content sales, presenting organized data to stakeholders
 - Gathered and analyzed web traffic data from Shopify and other platforms using Excel and analytics tools
 - Researched market trends and provided feedback that resulted in 15% increase in sales revenue
-
